---

Thanks Kevin. As I mentioned on our call, I imagine the vast majority of these are individual approvals that I don't care about. In the interest of getting these as soon as possible I'm willing to reduce the number of employees to the following individuals:

1. Andrew Wheeler, Administrator;
2. Scott Pruitt, former Administrator;
3. Ryan Jackson, Chief of Staff;
4. Arnold Layne, Deputy Director for Management OPP;
5. Alexandra Dapolito Dunn, Assistant Administration, Office of Chemical Safety and Pollution Prevention ("OCSPP");
6. Nancy B. Beck, Principal Deputy Assistant Administrator, OCSPP;
7. Richard Keigwin, Former Director EPA Pesticide Programs;
8. Michael Goodis, Acting Deputy Director of Programs;
9. Tom Tyler, Chief of Staff OCSPP;
10. Edward Messina, Acting Director EPA Pesticide Programs;
11. Erik Baptist, Senior Deputy General Counsel in the Office of General Counsel;
12. Wesley J. Carpenter, Deputy Chief of Staff;

You can also limit this review and production to emails only (no attachments) and we can send you subsequent requests for the attachments of most interest after seeing the emails.

Thank you

ATTN: Nate Donley, Center for Biological Diversity

Hello Nate,

We are getting back in touch with you about FOIA Request EPA-2021-000914. We had spoken about this request last Monday. EPA conducted a preliminary search for the keywords "24c" OR "24(c)" OR "special local needs" OR "SLN" for the date range 1/1/2019 - 12/3/2020 and for the EPA employees you named in the request (27 employees--see attached for reference). The results we are now seeing is almost 40,000 potentially responsive records.

Are you willing to narrow the collection to a smaller resulting amount, say by reducing the number of employees to search, narrowing the date range, or by limiting this review and production to emails only (no attachments) and sending us subsequent requests for the attachments of most interest after seeing the emails? Please let me know if any of these avenues will interest you and help us out at this stage. You may contact me at [hill.kevinw@epa.gov](mailto:hill.kevinw@epa.gov) or at 202-564-1652. I will be placing your request on hold awaiting your reply.

If you need any further assistance or would like to discuss any aspect of your request, you may seek assistance from EPA's FOIA Public Liaison at [hq.foia@epa.gov](mailto:hq.foia@epa.gov) or call (202) 566-1667. You may also seek assistance from the Office of Government Information Services (OGIS). You may contact OGIS in any of the following ways: by mail, Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001; email: [ogis@nara.gov](mailto:ogis@nara.gov); telephone: (202) 741-5770 or (877) 684-6448; or fax: (202) 741-5769.

Sincerely,

Kevin Hill  
EPA National FOIA Office
